

Dear students,

We, the members of the KFG (Commission for Equality and the Advancement of Women) would like to invite you to an open exchange meeting. We, as your student representatives, see it as our responsibility to represent you and your concerns: In this meeting, YOUR experiences and wishes will be the focus. This includes the opportunity for the discussion of discriminatory experiences of any kind.

It is our foremost goal to work towards creating a more open and tolerant university, which provides a positive environment to learn and to live in.

We're looking forward to seeing you there!

Jule Miklis, Kimberly Stratmann, Julia Strachanowski & Katharina Corleis

Open to all genders.
